

B027 : MINIT GLOSS

instant clean & shine floor polish

Description of product

Outstanding gloss. Durable finish. Slip resistant. Pleasant fragrance. Non-yellowing.

Product Uses

Minit Gloss is a concentrated clean and buff floor polish, suitable for use with high speed buffing machines, alternatively it can be mopped on and will dry to a high gloss finish. 'Minit Gloss' has outstanding performance and can be used on all types of thermoplastic and synthetic floor coverings.

Directions

Minit Gloss should be diluted into a trigger spray 1 part to 10 parts water and used with a spray cleaning pad. For best results the machine should be of medium speed. Alternatively, Minit Gloss may be mopped onto the floor, allowed to dry, and buffed or burnished with a suitable rotary machine. Both methods will produce an outstanding finish. This finish is slip resistant and shows exceptional resistance to wear. Minit Gloss has a built in cleaning agent and can be damp mopped at a dilution of 1 part to 10 parts water. N.B. Minit Gloss is unsuitable for use on unsealed wood, unsealed cork or laminated flooring.

iN Insight Supported

iN Insight is Selden's interactive product selection and training system. Enables the user to create full COSHH training kits, wallcharts, task cards and more. visit <http://www.selden.co.uk/ininsight>

iN Insight recommended product uses

	typical dilution
Flooring - applying floor polish (mop application)	1 : 10
Flooring - damp mopping (general)	1 : 10
Flooring - polish refurbishment and maintenance	see label
Flooring - spray cleaning	1 : 10

Product Hazards and PPE Requirements

Risk Phrases
NC Not classified.

Safety Phrases
S2 Keep out of the reach of children., P13 Safety data sheet available for professional user on request.

Technical Data

Composition: A blend of acrylic copolymers, resins, and copolymer wax incorporating detergents, film forming aids in a stable water based emulsion form incorporating metal cross linking additives

Appearance: Opaque liquid

Colour: White

Viscosity: <10 cps

Density: 1.035

pH: 8.6

Activity: 18%

Fragrance: Fresh

Stability: 2 years in a unopened container

Storage: Protect from freezing

Environmental Profile

Biodegradability
All surfactants contained in Selden Products meet the requirements of the EU Detergent Directive 2005 – 2004/648/EC. This requires all surfactants to break down both quickly and completely into harmless material such as CO2 and water.
